WELLNESS CHECKS

Effective Monday, March 23, 2020 we will be implementing the following preventative measures:

- Daily health checks will be completed upon arrival for all children. If child care is denied we will require the child to have a doctor's note to return to the center.
- According to the CDC, if a child's temperature is 100°F or higher (or 99°F or higher as taken under the armpit), they have a fever and care will be denied.
- Answering "yes" to specific questions related to international travel, sickness, or contact with individuals under quarantine or with a confirmed case of COVID–19 may cause denial of care.
- We will be restricting visitor access to centers.
- A YMCA staff member will escort children into the center. Parents/guardians will not be allowed past a certain checkpoint. You will sign in/out at the designated location.
